Edwin J. Hadley's Moving Pictures were enjoyed by a large audience at the opera house last evening. Ever were moving pictures better produced, nor better received in Colones. The program was a new and varied one including many beautiful colored spectacular subjects as well as humorous and descriptive scenes. Especially worthy of mention was the spectacular views of the Reign of Louis XIV, the beauty and spectacular effect of which have never been exceeded by any moving pictures ever produced in Colones. The pictures were all clear and distinct, making a thoroughly enjoyable entertainment.—Colones, N. Y., Republican, Mar. 7, 1905.

CALLS TROOPS TO THE MINES

Ohio's Governor Orders Out the Fourth Regiment

FURTHER TROUBLE FEARED

Armed Guards Ambushed by Striking Miners, Who Shot From Behind Rocks and Trees—800 Shots in the Fusillade.

Columbus, O., June 5.—The governor through Col. Ammel, has ordered the Fourth Regiment to mobilize here to go to the mines in Jefferson County.

Steubenville, O., June 5.—The first battle between the striking coal miners and the guards at the United States Coal Company mines took place at 1 o'clock yesterday morning. Four men, two guards, and two strikers, were wounded. No one was killed.

Of the injured two will probably die. Eleven others, all guards, are missing. It is supposed that they have deserted. The wounded were all foreigners. They were taken to Plum Run, and are now in the hospital tent, being cared for by the company.

The miners had prepared an ambush for the guards in the woods midway between Plum Run and Bradley mines, and as the sixty-three armed men, marching single file, came along the narrow path, a miner ahead shot in the air. At this signal the 250 strikers who were hiding behind the rocks and trees opened fire from the hillside on the guards in the hollow. Many of the guards broke rank and ran back to Glenns Run, but a number stood their ground and returned the fire. The guard was finally routed and forced to seek shelter, leaving two wounded on the field. Two miners were also injured in the fight. It is said the miners were led by former soldiers from the Polish and Austrian armies.

As a result of the conflict, the foreigners are greatly excited and another outbreak is expected. The company officials, it is said, have requested the Pennsylvania Railroad to have a special train in readiness to carry additional guards to the mines if they are needed.

POSSE KILLED HIS MOTHER.
Fire on Cabin Containing Fugitive Negro—Latter May Be Lynched.

Gibsonland, La., June 5.—Allen Turner, a young negro, has been jailed at Arcadia, charged with attempting to attack Mrs. James Barron at her home in Bienville Parish. Turner escaped to the home of his mother, where he was trailed by a posse. He was called to come out, but refused, and the posse fired and killed his mother. He was then captured.

Mob violence is threatened.

"TWO TWIRLS OF TERROR."
This Is the Startling Title of Barnum & Bailey's New Bicycle Thriller.

In its search for sensational novelties the Barnum & Bailey circus management seems to have surpassed all previous records this year. Instead of one "thriller" of an ultra-sensational character, several are announced, in addition to what is declared to be the best all-around circus that this big arena organization has ever offered the American public.

One of the newest sensations—and one that seems to have created a great deal of interest in other cities where the big show has been seen this season—is known as the "Two Twirls of Terror." A description of the two climaxes in this startling act discloses some unusually interesting features. After performing a number of novel and unusual exploits upon their wheels, one of the Bolter Brothers, the daring bicyclist, who perform the "twirl," takes his station, mounted on a wheel, on a small platform at the higher end of a runway. When the signal is given the rider and wheel plunge down the runways, dart into the air, turn a complete aerial somersault, land on a second runway, and go speeding down to the ground. This, however, is not all. The other brother takes a position, mounted at the end of a teeterboard, thus depressing it. The first rider ascends to the apex of a high pedestal, placed over the other end of the see-saw. When all is ready, the rider drops with terrific force upon the near end of the teeterboard sending the other bicyclist flying into the air. The latter also turns a somersault and, landing safely, speeds down the track. Both exploits are sensational in the extreme, and the future they create is tremendous. In the "Dip of Death" a young and pretty American girl daringly rides forty feet through the air in an inverted automobile.

The big show exhibits in Montpelier, Saturday, June 9.

TIME IS THE TEST

The Testimony of the People of Barre Stands the Test.

The test of time is what tells the tale. The public soon find out when misrepresentations are made and merit alone will stand the test of time.

Barre people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney ills is looking for.

Norman B. York of 1 Prospect street, Barre, Vt., says: "Several years ago I gave a statement for publication telling what Doan's Kidney Pills had done for me, and I can now say that on account of the permanent cure they made in my case I can more highly recommend them than ever. I had been subject for six years to kidney trouble which I think was caused by a strain. I had awful pains in my back and a kidney weakness that showed those organs were affected. If I stooped it was with the greatest difficulty that I could regain an erect position. I used Doan's Kidney Pills, which I got at E. A. Brown's, and they proved wonderfully beneficial from the start. The pains in my back ceased and the action of the kidney secretions was regulated. During the years which have elapsed since that time there has never been the slightest return of the trouble, and I think this is good evidence that Doan's Kidney Pills cure permanently." For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

CLOSE OF CONGRESS.

Adjournment Before July Not Likely, Cannon Thinks.

Washington, June 5.—Speaker Cannon was among the President's callers yesterday morning. Upon leaving the White House the Speaker was asked about the date of the adjournment of Congress:

"It does not look much as if we would get away before July 1, if then," he said, "but the hot weather will probably facilitate matters in that direction. We must stay here until we fix things all right."
